Career Objective

Motivated and passionate Computer Science Engineering student with strong skills in **Java Full Stack Development**. Experienced in developing web applications using **Java, Spring Boot, Hibernate, Microservices, AWS, PostgreSQL, MySQL, HTML, CSS, and JavaScript**. Interested in applying problem-solving skills and building scalable applications while learning from industry experts.

Technical Skills

- **Programming:** Core Java, Python, JavaScript
- **Frameworks:** Spring Boot, Spring Core, Hibernate, Microservices, JSP, Servlets
- **Web Development:** HTML, CSS, JavaScript, Bootstrap
- **Databases:** PostgreSQL, MySQL, Oracle SQL
- **Cloud:** AWS (EC2, S3, RDS basics)
- **Tools/IDE:** Eclipse, Spring Tool Suite (STS), Visual Studio Code, Postman, Pycharm, Synder
- **Version Control:** Git, GitHub
- **Concepts:** REST APIs, JDBC, OOPs, Collections

Academic Projects

- **Email Reply Generator** *Spring Boot, Google Gemini API*
 - Developed an intelligent email assistant to generate automated professional replies using **Google Gemini API**.
 - Implemented backend with **Spring Boot** and NLP capabilities for context-aware replies.
- **E-Commerce Web Application** *Spring Boot, Hibernate, MySQL*
 - Built a full-stack e-commerce platform with product catalog, cart management, and order processing.
 - Implemented REST APIs for product search, order management, and user authentication.
 - Managed relational database with **MySQL**, including schema design for products, orders, and users.
 - Added payment simulation module to mimic checkout flow.
 - Deployed application on local server and optimized queries for better performance.
- **MyDiary Application** *Spring Boot, MySQL*
 - Created a personal diary web app with login and authentication features.
 - Implemented backend with **Spring Boot & JDBC**, and responsive frontend using HTML, CSS, JavaScript.

Education

- **Bachelor of Engineering (B.E.) – Computer Science and Engineering** Expected Graduation: 2026
Government Engineering College, Raichur (GECR)

Strengths

- Strong problem-solving and debugging skills
- Quick learner and adaptable to new technologies
- Team player with good communication
- Passionate about cloud-based applications and coding challenges

Additional Information

- **Languages Known:** English, Kannada, Telugu
- **Hobbies:** Reading tech blogs, coding challenges, writing notes
